### Special "A" Progressive Game

The cards are \$1 each. The letter "A" must be stamped. The letter N are all free; ie the middle free spot and the top N that are needed to complete the letter "A". This is a progressive game and starts at 14 called numbers and a \$25 jackpot payout. The number of balls increases by one number every third Bingo; the jackpot increases by \$25 each week until won. Once the jackpot is won the progressive will start at \$25 with 6 balls again. Each evening there is a hall consolation prize of a minimum of \$20 (consolation prize can be higher depending on sales).

### Special 3-5-7 Progressive Game

The cards are \$1 each. This is a progressive game and starts at 6 called numbers (plus numbers with a 3, 5 or 7) and a \$25 jackpot payout. The number of balls increases by one number every third Bingo; the jackpot increases by \$25 each week until won. Once the jackpot is won the progressive will start at \$25 with 6 balls again. Each evening there is a hall consolation prize of a minimum of \$20 (consolation prize can be higher depending on sales).

### Odd & Even

The day of the month determines whether the games will be "Odd" or "Even". Mark off all odd or even numbers, as determined by the day of month.

### Special Reverse Odd & Even Progressive Game

Each game card is \$0.50. This is a progressive game and starts at 9 called numbers (in addition to all the odd or even numbers that are covered). The number of balls increases by one number every third Bingo. The jackpot increases each week depending on the number of cards sold. Odd or even numbers are dependent on the calendar day being an odd or even number. Once the jackpot is won the progressive will start at \$25 with 9 balls again. The actual amount of payout for both the jackpot and consolation prize (if jackpot does not go out) for each game is based on number of cards sold.

### Dollar Ball

Starts at \$5.00. The first number called for Bonanza will be the Dollar Ball number for the night. During the regular games each time the dollar ball is called and participants call out Dollar Ball another \$1.00 will be added to the Dollar Ball amount. The Dollar Ball will continue to accumulate until a Bingo is won on a regular game with the Dollar Ball number. It will then restart on the next week's Bingo at \$5.00.
